Peng, please come in.
I'm coming...
Thank you

They were asked the same interview questions.

Um-my name is Shirley...
I am studying year 2 in university
and my major is publishing.
I would love to work
at Roar Street Journal!

My name is Angora.
I studied Business Administration and I'm currently a master student in Media and Communication.
I would like to pursue my career in the publishing business and I'm interested to learn more from Roar Street Journal.

Hello, I am Peng.
I come from China.
I'm studying Journalism in university and this is my final year.
I want to work for your company and learn to be a good journalist.

What are your strengths and weaknesses?

For my strengths...I'm organized, hardworking and easygoing.

For my weaknesses. . . sometimes I am not careful enough so I make mistakes.
But I will learn and improve!

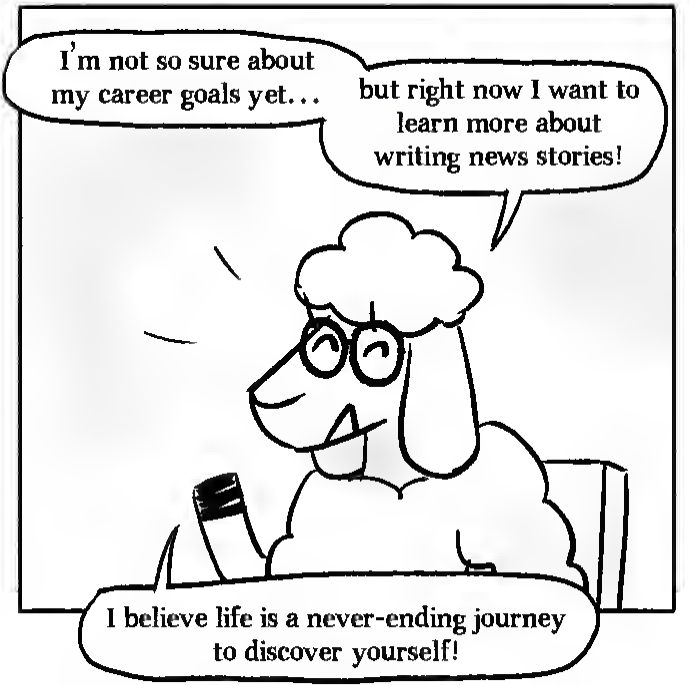
I am responsible, devoted and detail-oriented.
I have exchanged to Germany and gained more language skills with an open mindset.

I have been struggling with public speaking and I lack leadership skills.
However, my position as a group manager in a charity organization helps me to improve these skills.

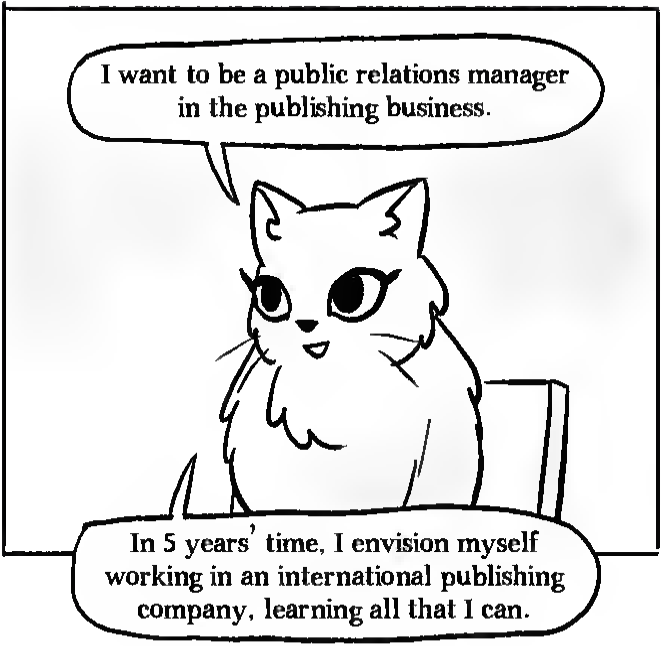
My strengths are responsible and honest.
Also, I am familiar witbh the culture and news of China.

My weaknesses are I'm not very smart, and my english is not very good.
Sorry!

What are your career goals, and where do you see yourself in the next 5 years?



I'm not so sure about my career goals yet...
but right now I want to learn more about writing news stories!
I believe life is a never-ending journey to discover yourself!



I want to be a public relations manager in the publishing business.
In 5 years' time, I envision myself working in an international publishing company, learning all that I can.

I want to become a journalist and tell the truth about what's happening in the world.
I don't know where I will be after 5 years...
Maybe I will return to China if I can't find work in Animerica.

Thank you for coming to the interview!

We will notify you the results within next week.

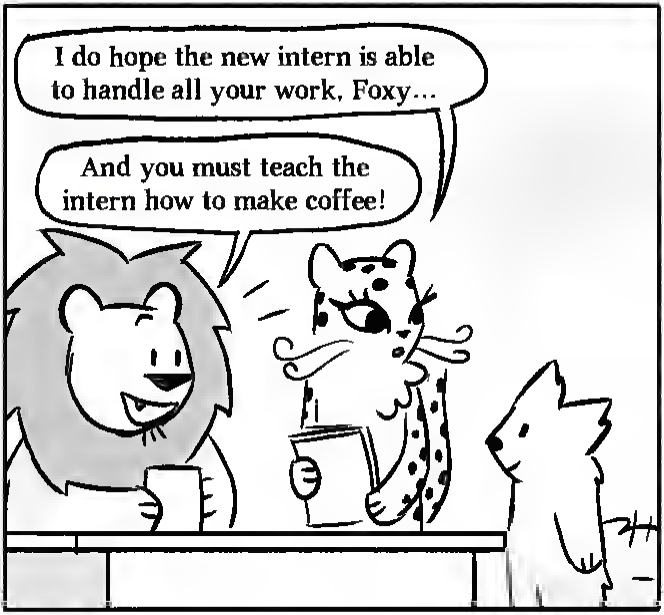
Wish you all the best!
thanks!

Who do you think will get hired?

The sheep seems so cheerful!
It'd be nice to have one more of our kind.
hoofed animals

I just noticed how elegant is that white cat.
She seems to have some foreign blood.
I'd bet on the panda! China is a huge market and Leo should pick someone who knows more about their culture!

Well, who should we hire?
That's what we are gonna decide this week.
I will stay until RSJ has hired the new intern!



I do hope the new intern is able to handle all your work, Foxy...
And you must teach the intern how to make coffee!

I will miss your coffee...
can I have another cup?

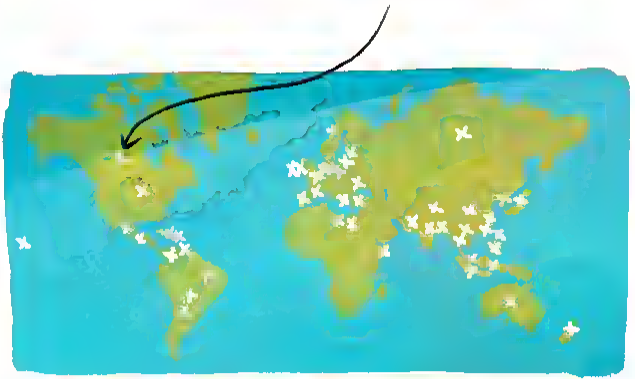
Animals Around The World

#49

Gillian Noonan

I'm a reader from Canada and our national animal is the beaver or horse.



The Beaver and the Canadian Horse are both Canada's national animal. The beaver is said to represent Canada's colonial past of industry and trade.

The Canadian Horse is a breed for driving and it represents the agricultural traditions and history of the Quebec province.
